Reena Shah

11:41 AM

Laura, open up access to the document

so everyone can view it

Dorinda Adams -DHS- SSC

11:44 AM

Hi. May we make the document larger to view

Kate Figiel-Miller -DJS-

11:44 AM

Happy birthday, Shelly!

Stephen Bergman -OPD-

11:44 AM

Happy Birthday Shelly!

Christy Lewis -DHS- Prince Georges County

11:45 AM

Happy birthday (Stevie Wonder style)

Bernard Keels

11:48 AM

Happy Birthday Shelly

Denise McKoy -MDH-

11:50 AM

FYI The MBON maintains a GNA abuse registry under federal law - cases prosecuted through office of health care quality

Reena Shah

11:59 AM

Just also wanted you all to encourage explication of other disparities, but wanted to specifically highlight racial disparities.

Lisae C Jordan

12:03 PM

I agree the issue should be explored, but do want to mention that there are often concerns about expunging domestic violence, child abuse, elder abuse, and sexual violence

Lisae C Jordan

12:07 PM

The list of crimes that are included in the human trafficking vacatur law might be a good place to begin for automatic expungement

Sandy Bartlett

12:08 PM

Lisae, that's what I was thinking too.

Denise McKoy -MDH-

12:08 PM

FYI The DDA caregivers are mostly medication technicians certified by the MBON these individuals are the ONLY ones not required to have a criminal background check prior to certification

Dorinda Adams -DHS- SSC

12:08 PM

i think the timing of this would be good as APS is preparing to go live with the web based Case Management System

Sandy Bartlett

12:11 PM

can everyone who is not talking pls mute?

Jeanette Ortiz, AACPS

12:11 PM

There is a lot of feedback

Sandy Bartlett

12:11 PM

there's background noise - like a fax machine

Jeanette Ortiz, AACPS

12:12 PM

Please mute if you are not talking.

Denise McKoy -MDH-

12:12 PM

From experience in prosecuting these cases although the employer is required to do a background check not all comply

Bernard Keels

12:23 PM

I have to leave for another meeting related to the University.

Dorinda Adams -DHS- SSC

12:25 PM

We are currently piloting the Adult Public guardianship use of IT with our guardianship clients in long term care facilities and we are having push-back from the facilities to even include IT equipment

Denise McKoy -MDH-

12:28 PM

Great job Jessica with note taking!

Lauren Kallins

12:29 PM

The issue of visitation policies also impacts developmental disability residential providers who may be supporting people who have different risk levels and who have had to create visitation policies that protect everyone they support in a given home.

Lisae C Jordan

12:31 PM

I strongly agree with Reena about the need for civil legal services funding

Lauren Kallins

12:31 PM

Sometimes that meant a "no visitation" policy. These policies varied by provider, who they were supporting and the positivity rate in the jurisdiction in which the home is located.

dorothy lennig

12:32 PM

I agree with Reena and Lisae about funding for civil legal services

Lauren Kallins

12:32 PM

Ditto on funding!!

Jessica Emerson

12:34 PM

Hopping on the civil legal services train

Bobbie Steyer

12:34 PM

And me too, on civil legal services funding
